

## TECHNICAL DATA SHEET

0796-TDS-ENG-2024

| EXTRACTO FLUIDO DE QUINA CALISAYA             |                   |   |
|---|-------------------|---|
| DESCRIPTION DCI: QUINA CALASAYA FLUID EXTRACT |                   | DESCRIPTION DOE: EXTRACTO FLUIDO QUINA CALASAYA |
| CAS Nº: ---                                   | EC Nº: ---        | AEMPS CODE: ---                                 |
| MOL. WEIGHT: ---                              | MOL. FORMULA: --- | ARTICLE CODE: 0796                              |

| ATTRIBUTES                  | SHOULD BE                 |
|-----------------------------|---------------------------|
| Organoleptci properties     |                           |
| Appearance                  | Transparent liquid        |
| Colour                      | Reddish brown             |
| Taste                       | Complies                  |
| Physico-chemical parameters |                           |
| Relative density            | 0.960 - 1.000 g/mL        |
| Grado alcohólico            | 30.0 - 40.0 %             |
| pH                          | 3.0 - 5.0                 |
| Refractive index            | 1.360 - 1.380             |
| Part plant used             | According to manufacturer |
| Dry residue                 | <= 10.0 %                 |
| Titration                   | >= 0.9 %                  |
| Microbiological control     |                           |
| TAMC                        | < 100 CFU/g               |
| TYMC                        | < 10 CFU/g                |
| E. Coli                     | Absence/g                 |

### COMPLIES WITH

Manufacturer Specifications

### STORAGE

Store in a cool place. Keep the container tightly closed, in a dry and well-ventilated place.

### REMARKS

Certificates of residual solvents, allergens, non-GMO and BSE-TSE, among others, are available upon request.
