| <b>VASELINA FILANTE (EUR. PH.)</b>   |                   |                                          |
|--------------------------------------|-------------------|------------------------------------------|
| DESCRIPTION DCI: PARAFFIN WHITE SOFT |                   | DESCRIPTION DOE: VASELINA FILANTE BLANCA |
| CAS Nº: 8009-03-8                    | EC Nº: 232-373-2  | AEMPS CODE: 2397A                        |
| MOL. WEIGHT: ---                     | MOL. FORMULA: --- | ARTICLE CODE: 1871                       |

| ATTRIBUTES                      | SHOULD BE                                                                                                            |
|---------------------------------|----------------------------------------------------------------------------------------------------------------------|
| Appearance                      | Colourless or white or almost white mass; the melted substance is free from fluorescence in daylight                 |
| Solubility                      | Practically insoluble in water, freely soluble in methylene chloride, practically insoluble in ethanol (96 per cent) |
| Identification A                | Complies                                                                                                             |
| Identification C                | Complies                                                                                                             |
| Melting point                   | 50 - 61 °C                                                                                                           |
| Acidity or alkalinity           | Complies                                                                                                             |
| Polycyclic aromatic hydrocarbon | Complies                                                                                                             |
| Sulfates                        | =< 150 ppm                                                                                                           |

**COMPLIES WITH**

European Pharmacopoeia 12.1

**STORAGE**

Keep the container tightly closed, in a cool, dry place. Protected from air and light.

**REMARKS**

Product suitable as a pharmaceutical excipient.
